ACCOMPLISHMENTS

Achieved a black belt in Tae-Kwon-Do.
Achieved my junior instructors'
certificate in Tae-Kwon-Do

I am a third-year sound design student at DBs Bristol University. Throughout my time at DBs I have acquired many practical skills for the video game industry. I am now able to create sound effects to an advanced level and implement these into a range of game engines using different middleware software programs. I am now looking to expand my knowledge further in sound design and I am very excited to begin making a career out of my passion for sound. Responsible sound designer, passionate about delivering outstanding quality.
